ISSCT16, Chiang Mai, Thailand ropes in Isgpec as Platinum Sponsor

26th Feb, 2016 Noida, India:

Isgec Heavy Engineering Ltd. is a multi-product, multi-location public company that has been providing engineering solutions to customers across 87 countries for the past 80 years. By far the world's largest supplier of Sugar Plants and Machinery, Isgpec has signed up as a Platinum Sponsor for ISSCT16, the world's largest sugar event that will be held at Chiang Mai International Exhibition and Convention Centre, Thailand. Isgpec, being a leader in the field, has been taking the lead in all such events by not just supporting them with sponsorships, but also by sharing its knowledge with the industry by presenting a host of technical papers & presentations. Isgpec was also the lead sponsor for the last edition of the ISSCT Congress held at Sao Paulo, Brazil. For this edition of ISSCT, Isgpec looks forward to sharing the stage with Mitr Phol, not just the other Platinum Sponsor for this event, but also an esteemed customer.

Apart from the Sugar Plants and Machinery business, Isgpec also offers a range of diversified engineering solutions that include EPC Projects, Boilers, Air Pollution Control Equipment, Process Equipment, Presses, Castings, Metal Cutting Machinery and Contract Manufacturing. Isgpec's origins lie in Saraswati Sugar Mills, which was established in 1933 with a crushing capacity of 400 TCD. From those origins it has grown to become one of India's largest sugar mills with a capacity of over 13000 TCD. Saraswati Sugar Mills is today a subsidiary of Isgpec's bouquet of businesses. Isgpec's clients are spread across the world—in Vietnam, Philippines, Kenya, Senegal, Sudan, Zambia, Ethiopia, Mauritius, Mozambique, Trinidad & Tobago, Indonesia, Barbados, Uganda, Malawi, Tanzania, Nigeria, Guatemala, Peru and India, to name a few.

Isgec has ongoing strategic partnerships with a host of international giants that include ABB Lummus Heat Transfer, USA; Belleli, Italy; Bosch Projects, South Africa; Envirotherm GmbH, Germany; Amec Foster Wheeler, USA; Hitachi Zosen Corp., Japan and NEM Energy B. V., Netherlands. Isgpec has joint ventures with Hitachi Zosen Corp., Japan; Amec Foster Wheeler, USA; and Titan Metal Fabricators, USA.

The **International Society of Sugar Cane Technologists (ISSCT)** is an association of scientists, technologists, managers, institutions and companies/corporations concerned with the technical advancement of the cane sugar industry and its co-products. The ISSCT has been in existence for 89 years during which it has organized **28 Congresses**, usually at 3-year intervals.

The last Congress was held in Sao Paulo, Brazil, June 2013. The Society is committed to the economic and sustainable advancement of the sugar cane industries of the world and associated communities, through promoting innovative research, development and the adoption of technology, and by sharing the knowledge among its members for their professional development.
