Isgec bags two major orders for Dry Sorbent Injection System Package from reputed state power utilities

December 20, 2022, Noida: Isgec has received two prestigious orders for Dry Sorbent Injection (DSI) System Packages from Maharashtra Power Generation Corporation Limited (MAHAGENCO) and The West Bengal Power Development Corporation Limited (WBPDCL) for their 2 x 210 MW (Unit #3&4) Khaperkheda Thermal Power Station and 4 x 210 MW (Unit # 3,4,5&6) Kolaghat Thermal Power Station respectively.

Isgec has strategic project based Collaboration and Technology Licensing Agreement with United Conveyor Corporation (UCC), USA for DSI Technology, whose advanced technology will be utilised for these projects.

The scope of work includes Design, Engineering, Procurement, Fabrication, Construction, Installation, Commissioning, Startup, and Testing of DSI Package.

"We are excited to collaborate with United Conveyor Corporation for the DSI Technology which further increases our Technology Portfolio in terms of DeSOx solutions for the Indian Power Market. These are very prestigious orders for us from two esteemed State Government organisations in India and we are all geared up to take on and successfully execute these projects." said Mr. Suman Jain, Group Head – Utility Boilers, Air Pollution Control Equipment, and New Technology Development, Isgpec Heavy Engineering Ltd.

"UCC is pleased to work with ISGEC to help India achieve reduction in power plant pollutants and make World a better place to live in" said Mr. Ashwani Perswal– Director, International Operations, UCC.
